- Incident Reports

- Reports from Ensemble (Sec. 1 and 2)

Based on our data analysis, we have established the following priorities for the coming school year:

- To increase students' sentiment of feeling safe coming forward with information about incidents that involve students and school safety through education, communication and pedagogical strategies*
- To increase the percentage of students who feel that school is a place where they can receive advice and support from staff*

- *Be active partners in the educational process in identifying bullying and in the resolution process.*
- *Collaborate with school staff in finding solutions if their child is involved in acts of bullying or violence.*

Response Procedures

Our school is committed to ensure that professional and teaching staff members receive ongoing training on how to respond appropriately when witnessing or being made aware of harmful behaviours. Claims of bullying and violence will be investigated according to guidelines established in our school. Emphasis will be on assuring safety, promoting accountability with consideration to mitigating factors, and repairing harm. An increased number of staff members have also been trained in First Aid and CPR, with now members of the office staff, administration and teaching staff on both the second and third floors having training which will help reduce response when a student(s) is in need of assistance.

Reporting Procedures

The protocol for reporting incidents of bullying and or violence will be described in the student agenda and school website. The protocol will explain that:

- *Students are provided with confidential, safe, and age-appropriate ways to report an incident (e.g. by talking to a staff member such as teachers, guidance counsellor, social worker, & administrator).*
- *Staff members complete a student incident report form to alert the administration to investigate and follow up promptly in accordance with*

In line with the EMSB Safe Physical and Cyber Environment policy, police may be contacted when a criminal act or threat of a criminal act may be involved.
