participation & clean-up	projects, organization of work materials, clean up of work area	ongoing throughout the term, based on the time limitations of the Sport-Etudes program.	weights will be varied throughout the term, based on the time limitations of the Sport-Etudes program.
--------------------------	---	---	--

The objectives in the Visual Arts department include providing students the opportunity to express their creativity and learn technical skills by experimenting with two and three-dimensional art forms. Students will focus on developing an understanding of the elements and principles of art to produce both individual and media works using a variety of materials. Students will also develop their ability to observe, describe, analyze, interpret, and make critical judgements about the form and content of art. Overall, it is expected that students will gain a better understanding and appreciation of artistic and cultural heritage and the role of contemporary art in society. An approach to cooperative learning is taken in the Visual Arts classes whereby the act of learning is achieved not only through instruction and guidance by the teacher but also as a result of students' involvement with one another within a positive educational environment.

Fine Arts Late Assignment/Submission Policy

Students are allowed to submit their work the next day after the due date without penalty. After their one opportunity to submit an assignment the following day after the due date a 5% deduction is applied to each additional day an assignment is late; this begins as of the second day of being late. Once the assignment in question is handed back to students no late assignments will be accepted as late. It should also be noted that within the department any refusal to perform/present in dramatic arts will result in a failing grade.
